“Where do I start !! I stumbled across KM Stationery & Design on instagram and thought surely it was too good to be true from the photos ! I had never seen anything like the stationery and signage here in the UK, just on Pinterest boards but she blew all expectations out of the water !

I put my full trust in her and hadn't really sent over much as far as inspo as I was overwhelmed with decision making leading up to the wedding, so it was nice to have one less thing to think of ! And I am so glad I did! The signage was absolutely gorgeous, so luxurious & really set the tone for the wedding. We had so many compliments on the day! And still now. She was great to work with lots of communication and kept sending over all the drawings & designs she was working on, they set up all perfectly on the day. Can't thank you enough !! Just absolutely gorgeous.!”

“I have recently used Kirsty Marie for my wedding, from my invites, to all wedding stationery and a bespoke welcome mirror and feature seating chart. I can't thank her enough for her hard work, she was available for me for all my needs - she totally understood the brief, she gave me a lot of her time and I was made to feel so truly special and like I was total priority knowing she was also working like a mad woman for many other brides at the same time.

She is willing to try new things to achieve the brief requested. Is creative beyond belief and was so excited about the job she made me even more excited as the Bride. Honestly, can't recommend enough. Payments were easy to make, invoices were clear and detailed everything you were paying for and she works very quickly. Do not hesitate to book because even if you don't see something you might be specifically looking for, trust me she can do it.
Thank you Kirsty Marie! You were a dream.”

Next Steps

Once your enquiry has been received, I will get back to you as soon as possible via the email address supplied on the enquiry form (please keep an eye on your junk folders as emails occasionally end up there).

From this point, I will capture all of your requirements, non-negotiables, wants and needs, to pull together your personalised proposal.

FAQ'S

Some of my most common questions to help make your wedding stationery and signage journey as smooth as possible.

When should I book?

I recommend booking your suppliers as soon as you are certain they are the right match for you. The earlier the better to ensure you don't miss out.

How many invitations should I order?

1 per household. Each guest does not require an invite, and we don't want you spending unnecessary money if it isn't needed.

When do I have to submit my information?

Once booked, we will discuss when you would like each part of your stationery to be sent out/produced. Once this is confirmed, I like to work at around 6-8 weeks prior to this date so we have time to design, amend and assemble. However, I totally understand that life happens and this isn't always how it works, which is fine. I work with each of my couples on a personal basis to match their own timeframes.

Do you offer collection and return on signage?

Yes. As long as you have a suitable vehicle to transport the items safely and without damage this is an option. Each dry hire booking will be subject to a security deposit which is refundable upon the return of the items in a satisfactory condition.

I have an idea, can you help?

100% - I am always fully invested in new and exciting ideas.
We will work together to bring your vision to life!

Which parts of the UK do you cover?

I cover most of the UK and will build the costing of the travel into your proposal.

What happens on the wedding day?

I will arrive at your venue as per the venues load in times and in ample time to set up. We will discuss prior to your day where items will be placed etc so on the day I will arrive, work alongside your other suppliers to set up and bring your vision to life - There is no need for you to worry about a thing.
